Dear KDIA Families,

As you know, COVID-19 is changing a lot about our world. Safety is a primary concern at Colorado State University, and nothing is more precious than your children. With this in mind, the university has decided to cancel all June public events, camps, and activities. Kids Do It All has unfortunately fallen into this category. Currently July activities and camps remain on the calendar; however, as CSU officials continue to monitor the situation, we will let you know if it is possible to continue with July summer programs.

At this point in time, you have two options:

1. You can contact Ashley Roper at CSU Events and Services (Ashley.Roper@colostate.edu) and ask for a full refund, including all registration fees. As there are several programs in this same situation and hundreds of refunds to be processed, we ask for your patience in this effort. Please give Ashley two or three weeks to process your refund.
   a. When emailing Ashley, please include your name, your child(ren)’s name, and the week that you are registered for.

2. You may also switch your registration to July. We have frozen new registrations for KDIA at this time to give you an opportunity to claim the remaining open spots in July. Again, contact Ashley (see above) to switch weeks. If July sessions are canceled, you will receive a full refund.
   a. When emailing Ashley, please include your name, your child(ren)’s name, the week that you were originally registered for, and which session in July you would like to transfer to.
   b. July dates are as follows: July 6-11, July 13-18, and July 20-25

We so appreciate your understanding and support during this difficult time. It breaks my heart that I might not get to spend time with your kids this summer. I would love to investigate the possibility of offering a theatre day-camp during the fall and/or spring, but this idea is in the very earliest of stages. If you would have any interest at all in this idea, please reply to this email and let me know.

Thinking of you and yours during this difficult time. And to my KDIA Alum Families, see if your kids can remember the instructions on how to toboggan:

   To begin to toboggan, first buy a toboggan,
   But don’t buy too big o’ toboggan
   Too big o’ toboggan is not a toboggan to buy to begin to toboggan.

All the best,

Debbie
